

Planning Your Legacy of Kindness To Animals

Paws Along The River's guide to planned giving.

Your Legacy in Action

Our Mission is to find homes for all adoptable animals. You can help us do this important work. We welcome into our family the arrival of each and every new animal that temporarily calls us home.

We do more than most, we take time to "get to know" our animals and therefore help "match" them to their new home. We foster humane education, a cruelty program, and never refuse an animal a safe warm place with people who care.

Planned Giving can; generate income now and into the future, reduce taxes and preserve wealth for your family. We ask for your trust in us, right here in your own backyard. We need to "take care of our own" as the need is great in Warren County. We ask for you to put your trust in us.

Planning Your Legacy of Kindness to Animals

This is your gift to the future and we respect your wishes. Regardless of what financial path you choose, your gift will be earmarked as you wish.

General Use, Specific Use and Endowment Fund are three ways to direct your gift.

Remembering Paws Along The River can be done in different ways, through a variety of plans. This program not only empowers you to provide for animals in need, but also offers peace of mind and security for you and your family.

- Gifts -Will or Trust
- Life Insurance
- Gift Annuity
- Retirement Plan
- Charitable Lead Trust
- Charitable Remainder Trust
- Outright Gift

You can make a difference by contacting your attorney or our estate attorney for more information. You may request one of our beautiful booklets outlining the options available to you.

A Place of Compassion In the Heart of Warren County, Pennsylvania

In the 1930's a group of friends who cared about animals founded the Warren County Humane Society.

We have a rich history, one that is remarkable for our rural location. We are now, Paws Along The River Humane Society and still carry both names. We never want to forget where we have been, it helps light the way to our future.

Our new facility, built in 2007, brings with it a fresh start to open our doors and offer a safe warm place for the homeless animals.

We care about animals. That is what Paws Along The River is all about.
